

DUTCH VESSEL VISITOR HERE

Hawaiian sense of humor was politely suppressed for 15 minutes today while the vain attempts of the Chinese crew of a Dutch steamer to lower a gangway was watched. Then the Chinamen lost their temper, while threatened with a wetting from a passing shower, and the Hawaiian stevedores gave way to their laughter. Chinese, Japanese, Dutch, Malay, Hawaiian and English advice was tossed freely to the angered Chinese.

One of the Chinese sailors finally lost his temper sufficiently to exert a little strength on the gangway castings and down it came after 25 minutes of delay, which a little intelligence and effort should have reduced to about two minutes. It was a bit of good waterfront comedy while it lasted, but sadly significant of what might have been the fate of the passengers if there had been haste in lowering it.

This Dutch steamer made good passage from San Francisco which it left on October 15. She had only one bag of mail. While here the vessel will take on 500 tons of coal.

There are about 50 cabin passengers, most of them Dutch business men who show much evidence of prosperity. Even among the 75 cabin passengers there is evidence of the war prosperity of Holland and Java. There are 15 passengers in the third cabin. Only three Americans are included among the passengers, all of the rest being of Dutch or Javanese extraction.

EYE TEST CAUSE OF MEN BEING DROPPED

Failure to pass the eye test, not general physical inability, is said to be the reason for the dropping of four men from the training camp rolls on Saturday. In the strenuous life of the camp, marches, trench digging, bayonet charges and all other tests of the sort they had made good, it is said.

A meeting of the Punahou Mothers' Association, the first of the year, is being held this afternoon in the Charles R. Bishop hall.

LIBERTY LOAN IS NOW \$3,756,900

(Continued from page 1.)

The Federal Reserve bank at San Francisco as near Saturday as possible, and those mailing subscriptions to the coast must post their letters not later than 2:30 o'clock tomorrow afternoon. After that hour all subscriptions will be telegraphed to the mainland by the executive committee.

The sales committee will meet in the chamber of commerce rooms at 9:30 o'clock tomorrow morning. All bond salesmen are urged to be present.

The pledges reported by the various posts follow:

25th Infantry (partial)	\$ 151,050
1st Infantry	132,950
Coast Artillery	126,200
9th Field Artillery	109,000
32nd Infantry	107,850
2nd Infantry	102,350
4th Cavalry	99,850
1st Field Artillery	87,000
Quartermaster corps	29,600
Medical Dept.	27,700
Engineers	19,000
Signal corps	16,200
Ordnance	7,850
Headquarters	3,350

Total

Jumping from seventh place on the regimental liberty loan subscription list held Saturday, the 25th Infantry with only a partial report today took the lead for the entire department with a total of \$151,050. This was a gain of \$75,150.

This spurt on the part of the 25th puts the 1st Infantry out of a first place held on Saturday. The 1st Infantry evidently slacked up over the week-end, subscribing only \$4950. The 32nd Infantry, which held the lead on Friday of last week, has dropped to fifth place, though their gifts show a higher per capita than do those of the 1st Infantry.

By posts the subscriptions are as follows:

Schofield, \$728,450; Coast Defenses, \$146,050; Shafter, \$129,800; Department hospital, \$9150; Department headquarters, \$3350; Ordnance depot, \$4050.

The horny-handed horseshoers at the Schofield school are still in the lead for detachment per capita giving.

The army men still have three days for subscriptions, as the closing date is October 25.

APOPLEXY FATAL TO MRS. STOBIE

Mrs. Eliza McCarroll Stobie, wife of Mr. E. A. Stobie of the First National Bank, died at the Stobie home, corner of Keeaumoku and Dominick streets, Saturday evening. Mrs. Stobie had been ill for months, the apoplexy stroke suffered on Saturday evening a week ago being the fifth during the last two years. Although during the last months of her life she suffered continuous pain as a result of her physical condition, she was bright mentally and the center of a very happy circle of friends.

Mrs. Stobie was a native of Canada, but moved to Detroit where she married Rev. Dr. Reid, a prominent Episcopal clergyman. Her brother, Canon McCarroll, is now connected with St. Paul's cathedral in Detroit. After the death of her husband she went with her son, Reginald, to Europe where he completed his medical studies, and in 1895 they came to the islands. While living in Hilo with her son she met and married Mr. Stobie, returning to Honolulu when Mr. Stobie returned to the First National Bank. Soon after coming to this city the Stobies built their very artistic home in the Makiki district.

Mrs. Stobie's body will be taken to Hilo by the outgoing Mauna Kea, the burial, at her request, to be beside her son Reginald. The funeral services in this city will be held at the Stobie home tomorrow, Tuesday, afternoon at 4 o'clock. Canon Ault will conduct this service.

MADAME QUEVILLON IS TEACHING FRENCH FOR BENEFIT OF ORPHANS

Madame Quevillon, who has been making such a success of her French teaching since coming here last February, has reopened her classes for the benefit of French orphans, and is having a most gratifying attendance. These classes are held every Monday and Thursday. There are three of them, the first being open to everybody, and held in Madame Quevillon's home, 317 Richards street, from 1:30 to 3:30 o'clock. This is a double class, taking beginners the first hour and advanced pupils the second. The Y. W. C. A. class is from 5 to 6 o'clock, and the Y. M. C. A. class from 7:30 to 8:30 o'clock, Mondays and Thursdays. The "Y" classes are open to members only.

Except for a small percentage paid to the two "Y's" for use of the classrooms, every cent of the money taken in by Madame Quevillon for these benefit classes goes to the French orphans. She keeps nothing for herself. She has, however, about 245 French pupils at Schofield and Castner, among the soldiers and enlisted men, and these pay for their lessons, so that the American soldier is doing his "bit" for the French orphans, in a way, by making it possible for this French teacher to keep on with her benefit classes.

Madame Quevillon has two sons in the aviation corps.

BOY SCOUTS, ATTENTION.

It has been decided that the scouts of Honolulu shall not try to sell any more Liberty Bonds from now on, so that it cannot be said that we had so much more time than the scouts on the mainland. You can get signatures from those who have already promised, but do not try for any new ones. Get all your signed pledges into headquarters at once, so that we can check them up and see which of your customers have not yet been to the bank or company to make out their applications and pay their 2 per cent.

SOLDIERS ENTERTAIN FRIENDS AT BARRACKS

On Friday evening the enlisted men of Detachment Co. E, 25th Infantry, gave a delightful entertainment and social through the kindness of their detachment commanders, Lieuts. John S. Hopper and Tom L. Shipp. Singing, dancing and boxing constituted the chief amusements of the evening. Music was furnished by the 25th Infantry band under the supervision of Chief Musician King.

There was a slight intermission during which refreshments were served. There were quite a few women from Schofield and Honolulu present and also many civilians who live in the vicinity of the camp.
